Independent Auditors' Report

To the Board of Directors of Apex International Co., Ltd.:

Opinion

We have audited the consolidated financial statements of Apex International Co., Ltd. and its subsidiaries (“the Group”), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, the consolidated statements of comprehensive income, changes in equity and cash flows for the years ended the end, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), Interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the consolidated financial statements for the year ended December 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on our judgments, the key audit matter that should be disclosed in this audit report is as follows:

1. Subsequent measurements of inventories

Please refer to note 4(h) "Inventories" and note 5(a) of the consolidated financial statements for accounting policy related to subsequent measurements of inventories, and accounting assumptions and estimation uncertainties of inventories, respectively. Please refer to note 6(g) "Inventories" for information related to impairment of inventories of the consolidated financial statements.

Description of key audit matter:

Inventories of the Group are measured at the lower of cost and net realizable value. The net realizable value of inventories is vulnerable to the impact of highly competitive market and the renewal of production technology of printed circuit board, which leads to the risk that the cost of inventories could be higher than the net realizable value. Therefore, the subsequent measurements of inventories was considered to be one of the key audit matters in our audit.

How the matter was addressed in our audit:

Our audit procedures included:

- Assessing whether appropriate provision policies for inventories are applied.
- Assessing whether the Group's subsequent measurement of inventories has been evaluated in accordance with the Group's provision policy on a consistent basis.
- Obtaining aging analysis of inventories, and examining relevant documents to verify the accuracy of the aging period.
- Obtaining evaluation report of the net realizable value of inventories, and examining relevant documents to verify the accuracy of sales prices and calculation of net realizable value.

2. Property, plant and equipment impairment assessment

The accounting policy for the impairment of property, plant and equipment, please refer to note 4(l) "Impairment— non-financial assets" for the year ended December 31, 2025. For the accounting assumptions and estimation uncertainty please refer to note 5(c), and note 6(h) for the information related to impairment assessment, respectively.

Description of key the audit matter:

A subsidiary of the Group holds real estate and a large amount of production equipment, the assets recoverable amount may be lower than its carrying amount if the profitability of the subsidiary is not as expected due to decrease in operation performance or other unanticipated conditions. In the process of asset impairment assessment, management makes subjective judgments and the inherent uncertainty is considered as high. Therefore, we have identified the impairment of property, plant and equipment was considered as one of the key audit matters in our audit.

How the matter was addressed in our audit:

Our audit procedures included:

- Obtaining management's description of the indicators of impairment identified through its self-assessment.
- Procuring the valuation report prepared by the external specialist engaged by management, and evaluated the objectivity and professional competence of the external specialist.
- Assessing the reasonableness of the methodologies and data used by management in determining the recoverable amount of the asset, as well as engaging internal specialists to evaluate the valuation approaches and key assumptions adopted in the valuation report.

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, interpretations as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters significant in our audit of the consolidated financial statements for the years ended December 31, 2025 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chao, Min-Ju and Chang, Chun-I.

(English Translation of Consolidated Financial Statements Originally Issued in Chinese)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES

Notes to the Consolidated Financial Statements

For the years ended December 31, 2025 and 2024

(Expressed in Thousands of New Taiwan Dollar, Unless Otherwise Specified)

(1) Company history

Apex International Co., Ltd. (the "Company") was established in the Cayman Islands on October 28, 2009. The main purpose of the establishment, which resulted from organizational restructuring, was to apply for emerging stock registration on the Taipei Exchange ("TPEX") in the Republic of China. After restructuring, the Company became the holding company of Apex Circuit (Thailand) Co., Ltd. ("APT"), which is located in Thailand, and became a listed company on the TPEX in the Republic of China ("R.O.C.") on October 18, 2011. The Company then changed its listing from the TPEX to the Taiwan Stock Exchange ("TWSE") in the R.O.C. on September 8, 2015. APT mainly manufactures and sells electronic printed circuit boards. For the related information, please refer to note 14 of the consolidated financial statements. The Company and its subsidiaries are hereinafter referred to as the Group.

(2) Approval date and procedures of the consolidated financial statements:

The consolidated financial statements were authorized for issuance by the Board of Directors on March 13, 2026.

(3) New standards, amendments and interpretations adopted:

- (a) The impact of the IFRS Accounting Standards endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2025:

- Amendments to IAS21 "Lack of Exchangeability"
- Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments" regarding the application guidance requirements for Section 4.1 of IFRS 9 and the related disclosure requirements of IFRS 7

- (b) The impact of IFRS Accounting Standards endorsed by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2026, would not have a significant impact on its consolidated financial statements:

- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments" regarding the application guidance requirements for Sections 3.1 and 3.3 of IFRS 9 and the related disclosure requirements of IFRS 7

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

- Annual Improvements to IFRS Accounting Standards—Volume 11
 - Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”
- (c) The impact of IFRS Accounting Standards issued by IASB but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the International Accounting Standards Board (IASB), but have yet to be endorsed by the FSC:

Standards or Interpretations	Content of amendment	Effective date per IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	<p>The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.</p> <ul style="list-style-type: none"> ● A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities. ● Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards. 	January 1, 2027 note: On September 25, 2025, the FSC issued a press release announcing that Taiwan will adopt IFRS 18 beginning in 2028. Entities that need to adopt the new standard earlier may do with the endorsement of the FSC.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

<u>Standards or Interpretations</u>	<u>Content of amendment</u>	<u>Effective date per IASB</u>
IFRS 18 “Presentation and Disclosure in Financial Statements”	<ul style="list-style-type: none"> • Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes. 	January 1, 2027 note: On September 25, 2025, the FSC issued a press release announcing that Taiwan will adopt IFRS 18 beginning in 2028. Entities that need to adopt the new standard earlier may do with the endorsement of the FSC.

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture”
- IFRS 19 “Subsidiaries without Public Accountability: Disclosures” and amendments to IFRS 19 “Subsidiaries without Public Accountability: Disclosures”
- Amendments to IAS 21 “Translation to a Hyperinflationary Presentation Currency”

(4) Summary of material accounting policies:

The significant accounting policies presented in the consolidated financial statements were applied consistently throughout the periods as follows:

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" (hereinafter referred to the Regulations) and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (hereinafter referred to as the IFRSs endorsed by the FSC).

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(b) Basis of preparation

- (i) The consolidated financial statements have been prepared on a historical cost basis except for the following material items in the consolidated statement of financial position:
- 1) Financial instruments at fair value through profit or loss are measured at fair value;
 - 2) Financial Assets at Fair Value through Other Comprehensive Income;
 - 3) The defined benefit liabilities (assets) are measured at fair value of the present value of the defined benefit obligation less the plan assets, limited as explained in note 4(n).
- (ii) Functional and presentation currency

The functional currency of a Group entity is determined based on the primary economic environment in which the entity operates. The consolidated financial statements are presented in New Taiwan dollars, which is the Company's functional currency. All financial information presented in New Taiwan dollars has been rounded to the nearest thousand.

(c) Basis of consolidation

- (i) Principle of preparation of the consolidated financial statements

The consolidated financial statements comprise the Company and its subsidiaries. Subsidiaries are entities controlled by the Group. The Group 'controls' an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions are eliminated in preparing the consolidated financial statements. The Group attributes the profit or loss and each component of other comprehensive income to the owners of parent and to non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

The Group prepares consolidated financial statements using uniform accounting policies for like transactions and other events in similar circumstances. Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) List of subsidiaries in the consolidated financial statements

The Company's subsidiaries were as follows:

Name of investor	Name of subsidiary	Business activities	Percentage of ownership (%)		Note
			December 31, 2025	December 31, 2024	
The Company	Apex Circuit (Thailand) Co., Ltd. (APT)	PCB manufacturing and sales	99.69 %	99.65 %	(Note)
The Company	Approach Excellence Trading Ltd. (incorporated in British Virgin Islands) (AET)	Supply chain integration	100.00 %	100.00 %	
APT	Shye Feng Enterprise (Thailand) Co., Ltd. (APS)	PCB manufacturing and sales	99.99 %	99.99 %	
APT	Apex IPO (Dong Guan) Ltd. (APC)	Supply chain integration	100.00 %	100.00 %	
APS	Shye Feng (Singapore) Pte. Ltd. (APSS)	PCB sales development	100.00 %	100.00 %	

Note: The Company's Board of Directors resolved to participate in APT's capital increase and issuance of new shares on August 15, 2025 and October 14, 2024. APT plans to issue 20,000 thousand shares and 238,000 thousand shares at THB 40 and THB 52.5 per share, with a par value of THB 10 per share. As the minority shareholders waived their subscription, the Company subscribed the entire new shares issued and made the full payment on September 18, 2025 and November 8, 2024. APT completed the registration of new shares with the local government on September 22, 2025 and November 7, 2024.

Subsidiaries which are not included in the consolidated financial statements: None.

(d) Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group entities at the exchange rates at the dates of the transactions. At the end of each subsequent reporting period, monetary items denominated in foreign currencies are translated into the functional currencies using the exchange rate at that date.

Non-monetary items denominated in foreign currencies that are measured at fair value are retranslated into the functional currencies using the exchange rate at the date that the fair value was determined. Non-monetary items denominated in foreign currencies that are measured based on historical cost are translated using the exchange rate at the date of transaction.

Exchange differences are generally recognized in profit or loss, except for those differences relating to the following, which are recognized in other comprehensive income:

- 1) an investment in equity securities designated as at fair value through other comprehensive income;
- 2) a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; or
- 3) qualifying cash flow hedges to the extent that the hedges are effective.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into the presentation currency at the exchange rates at the reporting date. The income and expenses of foreign operations, are translated into presentation currency at the average rate. Exchange differences are recognized in other comprehensive income.

When a foreign operation is disposed of such that control, significant influence, or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interest. When the Group disposes of only part of investment in an associate or joint venture that includes a foreign operation while retaining significant or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, exchange difference arising from such items are considered to form part of a net investment in the foreign operation and are recognized in other comprehensive income, and presented in the translation reserve in equity.

(e) Assets and liabilities classified as current and non-current

The Group classifies the asset as current under one of the following criteria, and all other assets are classified as non-current.

- (i) It is expected to be realized, or intended to be sold or consumed, in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be realized within twelve months after the reporting period; or
- (iv) The asset is cash or a cash equivalent (as defined in IAS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Group classifies the liability as current under one of the following criteria, and all other liabilities are classified as non-current.

- (i) It is expected to be settled in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Group does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(f) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and checking deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Time deposits which meet the above definition and are held for the purpose of meeting short term cash commitments rather than for investment or other purposes should be recognized as cash equivalents.

Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the consolidated statement of cash flows.

(g) Financial instruments

Trade receivables and debt securities issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument. A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(i) Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

On initial recognition, a financial asset is classified as measured at amortized cost, FVOCI or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

1) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL :

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortized cost, which is the amount at which the financial asset is measured at initial recognition, plus/minus, the cumulative amortization using the effective interest method, adjusted for any loss allowance. Interest income, foreign exchange gains and losses, as well as impairment, are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

2) Financial assets at fair value through other comprehensive income

At initial recognition, the Company may make an irrevocable election to designate equity instruments that are not held for trading as financial assets measured at fair value through other comprehensive income (“FVOCI”).

Subsequent changes in the fair value of such equity instruments are recognized in other comprehensive income. For equity instruments designated at FVOCI, dividend income—other than dividends that clearly represent a recovery of part of the investment’s cost—is recognized in profit or loss. Other gains or losses arising from changes in fair value are recognized in other comprehensive income and are not subsequently reclassified to profit or loss.

Dividend income from these equity investments is recognized in profit or loss when the Company’s right to receive payment is established (generally the ex-dividend date).

3) Fair value through profit or loss (FVTPL)

All financial assets not classified as amortized cost or FVOCI are measured at FVTPL, including derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset, which meets the requirements to be measured at amortized cost or at FVOCI, as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

4) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses (ECL) on financial assets measured at amortized cost (including cash and cash equivalents, trades receivable, other receivables, guarantee deposit paid and other financial assets).

Loss allowance for bank balances, other receivables and other financial assets are measured by 12-month ECL for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for trade receivables is always measured at an amount equal to lifetime ECL.

Lifetime ECL are the ECL that result from all possible default events over the expected life of a financial instrument.

12-month ECL are the portion of ECL that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECL is the maximum contractual period over which the Group is exposed to credit risk.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Group's historical experience and informed credit assessment as well as forward-looking information.

ECL are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive). ECL are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group assesses whether financial assets carried at amortized cost is credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 180 days past due;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. For corporate customers, the Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

5) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Financial liabilities and equity instruments

1) Classification of debt or equity

Debt and equity instruments issued by the Group are classified as financial liabilities or equity in accordance with the substance of the contractual arrangement and the definitions of a financial liability and an equity instrument.

2) Equity instrument

An equity instrument is any contract that evidences residual interest in the assets of an entity after deducting all of its liability. Equity instruments issued are recognized as the amount of consideration received, less the direct cost of issuing.

3) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL.

A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including interest expense, are recognized in profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

4) Derecognition of financial liabilities

The Group derecognizes a financial liability when its contractual obligation are discharged or cancelled, or expired. The Group also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount of a financial liability extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

5) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of balance sheet when and only when, the Group currently has a legally enforceable right to set off the amounts, and it intends either to settle them on a net basis or to realize the asset and settle the liabilities simultaneously.

(iii) Derivative financial instruments

The Group holds derivative financial instruments to hedge its foreign currency and interest rate exposures. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are recognized in profit or loss.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(h) Inventories

Inventories are measured at the lower of cost and net realizable value. The cost of inventories is calculated using the weighted average method, and includes expenditure incurred in acquiring the inventories, production or conversion costs, and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

The subsequent measurement of inventories is based on the lower of cost or net realizable value, item by item. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. If the market values rise in the subsequent period, then the cost of inventories should be adjusted to the market values, while the adjustment amount should not be over the previous reduction range, and such adjustment should be recorded as cost of goods sold in the current period.

(i) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and any accumulated impairment losses.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation

Depreciation is calculated on the cost of an asset less its residual value and is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment.

Land is not depreciated.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

Land improvement	5 to 10 years
Buildings	1.25 to 20 years
Machinery and equipment	1 to 20 years
Transportation equipment	3 to 5 years
Office equipment	5 to 20 years
Leasehold improvement	3 to 6 years

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

(j) Lease — as a lessee

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be reliably determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments; including substantive fixed payments
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- payments for purchase or termination options that are reasonably certain to be exercised.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when:

- there is a change in future lease payments arising from the change in an index or rate; or
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a change in the lease term resulting from a change of its assessment on whether it will exercise an option to purchase the underlying asset, or
- there is a change of its assessment on whether it will exercise a extension or termination option; or
- there is any lease modifications

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

When the lease liability is remeasured, other than lease modifications, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or in profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

When the lease liability is remeasured to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognize in profit or loss any gain or loss relating to the partial or full termination of the lease.

The Group has elected not to recognize right-of-use assets and lease liabilities for short-term leases of office equipment and vehicles that have a lease term of 12 months or less and leases of low-value assets, including office equipment. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(k) Intangible assets

(i) Recognition and measurement

Goodwill arising on the acquisition of subsidiaries is measured at cost, less accumulated impairment losses.

Other intangible assets, including customer relationships, and operating procedure, that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(iii) Amortization

Amortization is calculated over the cost of the asset, less its residual value, and is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use.

The estimated useful lives for current and comparative periods are as follows:

1) Operating procedure	5 years
2) Customer relationships	10 years
3) Software	5 to 10 years

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(l) Impairment of non-derivative financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(m) Revenue from contracts with customers

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer. The Group recognizes revenue when it satisfies a performance obligation by transferring control of a good or a service to a customer. The Group recognizes revenue when control of the products has been transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

The group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the group does not adjust any of the transaction prices for the time value of money.

(n) Employee benefits

(i) Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Defined benefit plans

The Group's net obligation in respect of defined benefit plans is calculated separately for each the plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income, and accumulated in retained earnings within equity. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iii) Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognized in profit or loss in the period in which they arise.

(iv) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(o) Income taxes

Income taxes comprise current taxes and deferred taxes. Except for expenses related to business combinations or recognized directly in equity or other comprehensive income, all current and deferred taxes shall be recognized in profit or loss.

The Group's has determined that interest and penalties related to income taxes, including uncertain tax treatment, do not meet the definition of income taxes, and therefore accounted for them under IAS37.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Current taxes comprise the expected tax payable or receivable on the taxable profits (losses) for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payables or receivables are the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred taxes arise due to temporary differences between the carrying amounts of assets and liabilities at the reporting date and their respective tax bases. Deferred taxes are recognized except for the following:

- (i) temporary differences on the initial recognition of assets and liabilities in a transaction that is not a business combination and at the time of the transaction 1) affects neither accounting nor taxable profits (losses) and 2) does not give rise to equal taxable and deductible temporary differences;
- (ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- (iii) taxable temporary difference arising on the initial recognition of goodwill.

Deferred tax assets are recognized for the carry forward of unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profit will be available against which they can be utilized. Deferred tax payable are reviewed at each reporting date, and are reduced to the extent that it is no longer probable that the related tax benefits will be realized; such reductions are reversed when the probability of future taxable profits improves.

Deferred taxes are measured at tax rates that are expected to be applied to temporary differences when they reserved, using tax rates enacted or substantively enacted at the reporting date, and reflect uncertainty related to income taxes if any.

Deferred tax assets and liabilities are offset if the following criteria are met:

- (i) The Group has a legally enforceable right to set off current tax assets against current tax liabilities; and
- (ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:
 - 1) the same taxable entity; or
 - 2) different taxable entity which intends to settle current tax assets and liabilities on a net basis or to realize the assets and liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(p) Earnings per share

The Group discloses the Company's basic and diluted earnings per share attributable to ordinary shareholders of the Company. Basic earnings per share is calculated as the profit attributable to the ordinary shareholders of the Company divided by the weighted average number of ordinary shares outstanding. Diluted earnings per share is calculated as the profit attributable to ordinary shareholders of the Company divided by the weighted average number of ordinary shares outstanding after adjustment for the effects of all potentially dilutive ordinary shares, such as employee compensation.

(q) Segment information

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group). Operating results of the operating segment are regularly reviewed by the Group's chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Each operating segment consists of standalone financial information.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:

In preparing these consolidated financial statements, management has made judgments and estimates about the future, including climate-related risks and opportunities, that will affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis by management and are consistent with the Group's risk management and climate-related commitments where appropriate. Revisions to estimates are recognized prospectively in the period of the change and future periods affected.

Significant risks of adjustment in balances of assets and liabilities accounts in the subsequent fiscal year could arise from the following assumptions and estimations' inherent uncertainties. The related information is presented as below:

(a) Subsequent measurements of inventories

As inventories are stated at the lower of cost or net realizable value, the Group estimates the net realizable value of inventories for obsolescence and unmarketable items at the end of the reporting period and then writes down the cost of inventories to net realizable value. The net realizable value of the inventory is mainly determined based on assumptions as to future demand within a specific time horizon. Due to the rapid industrial transformation, there may be significant changes in the net realizable value of inventories. Please refer to note 6(g) for further description of the subsequent measurements of inventories.

(b) Impairment of goodwill

The assessment of impairment of goodwill requires the Group to make subjective judgments to identify CGUs, allocate the goodwill to relevant CGUs, and estimate the recoverable amount of relevant CGUs. Refer to note 6(j) for further description of the impairment of goodwill.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(c) Property, plant and equipment impairment assessment

As there is an indication of impairment of the Group's property, plant and equipment, an impairment test was made at the reporting date. In the process of asset impairment test, the recoverable amount was estimated based on the assumptions of management's subjective judgment. Any changes in estimates due to changes in economic conditions or the Group's strategy may result in significant impairment losses or reversals of recognized impairment losses in the future, please refer to note 6(g).

(6) Explanation of significant accounts:

(a) Cash and cash equivalents

	December 31, 2025	December 31, 2024
Cash	\$ 2,035	1,498
Demand deposits	692,640	526,160
Checking deposits	433	850
Time deposits	<u>10,000</u>	<u>2,255</u>
Cash and cash equivalents in the consolidated statement of cash flows	<u><u>\$ 705,108</u></u>	<u><u>530,763</u></u>

Reserve account deposits that are not highly liquid and cannot be readily converted to a known amount of cash, or the values of which are subject to fluctuation, are listed under other financial assets – non-current as follows:

	December 31, 2025	December 31, 2024
Restricted bank deposit	<u><u>\$ 48,446</u></u>	<u><u>31,983</u></u>

Please refer to note 8 for more information on the collateral for derivative instruments not used for hedging and long-term loans.

Please refer to note 6(u) for the disclosure of interest rate risks and sensitivity analysis of the Groups' financial assets and liabilities.

(b) Financial assets and liabilities at fair value through profit or loss

(i) Financial assets at fair value through profit or loss – current

	December 31, 2025	December 31, 2024
Financial assets held-for-trading:		
Derivative instruments not used for hedging		
Forward exchange contracts	<u><u>\$ 497</u></u>	<u><u>2,219</u></u>

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Financial liabilities at fair value through profit or loss – current

	December 31, 2025	December 31, 2024
Financial liabilities held-for-trading:		
Derivative instruments not used for hedging		
Forward exchange contracts	\$ 22,317	1,077

Please refer to note 6(t) for the amounts recognized in the consolidated statements of comprehensive income that resulted from remeasurement at fair value.

The Group uses derivative financial instruments to hedge certain foreign exchange risk the Group is exposed to arising from its operating, financing, and investing activities. As these derivative financial instruments did not qualify for hedge accounting, the Group held the following derivative financial instruments as held-for-trading financial assets (liabilities) as of December 31, 2025 and 2024.

Forward exchange contracts:

December 31, 2025				
	Amount (in thousands)	Currency	Maturity dates	Fair value of assets (liabilities)
Forward exchange purchased	USD 3,000	USD to THB	2026.6.7 ~2026.6.30	\$ 497
Forward exchange purchased	USD 41,000	USD to THB	2026.3.25~ 2026.6.15	\$ (21,798)
Forward exchange purchased	CNY 2,000	CNY to THB	2026.3.31~ 2026.5.6	(519)
Total				\$ (22,317)
December 31, 2024				
	Amount (in thousands)	Currency	Maturity dates	Fair value of assets (liabilities)
Forward exchange purchased	USD 7,000	USD to THB	2025.4.30 ~2025.5.2	\$ 2,219
Forward exchange purchased	CNY 6,000	CNY to THB	2025.6.26	\$ (539)
Forward exchange purchased	USD 2,000	USD to THB	2025.3.11~ 2025.6.23	(538)
Total				\$ (1,077)

Please refer to note 8 for more information on the collateral for derivative instruments not used for hedging.

Notes to the Consolidated Financial Statements

(c) Financial assets at fair value through other comprehensive income

	December 31, 2025	December 31, 2024
Financial assets at fair value through other comprehensive income :		
Unlisted common shares	\$ 15,265	-

(i) Equity instrument investments at fair value through other comprehensive income

The Group designated the investments shown above as equity instruments at fair value through other comprehensive income because these equity instruments represent long-term strategic investments and are not held for trading purposes.

There were no disposals of strategic investments and transfers of any cumulative gain or loss within equity relating to these investment in the year ended December 31, 2025.

(ii) For more information on market risk, please refer to note 6(u) ◦

(d) Financial assets measured at amortized cost

	December 31, 2025	December 31, 2024
Time deposits with original maturity over three months	\$ -	14,352
Pledged time deposits	9,431	15,735
Total	\$ 9,431	30,087
Interest rate range (%)	3.50	1.20~4.91
Maturity date	2026.2.11	2025.1.23~2025.4.29

The Group has assessed that these financial assets are held to maturity to collect contrcash flows, which consist solely of payments of principal and interest on principal amount outstanding. Therefore, these investments were classified as financial assets measured at amortized cost.

Please refer to note 8 for more information on collateral for long-term loans.

For more information on credit risk, please refer to note 6(u).

(e) Notes receivable and accounts receivable

	December 31, 2025	December 31, 2024
Notes receivable	\$ -	3,559
Accounts receivable	3,328,842	3,473,911
Less: allowance for bad debt	(78,261)	(74,398)
	\$ 3,250,581	3,403,072

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Group applies the simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all receivables. To measure the expected credit losses, trade receivables have been grouped based on the regions that customers stand for, shared credit risk characteristics and the days past due, as well as incorporated forward looking information, including macroeconomics and relevant industry information.

The Group's analyses of the expected credit loss on its accounts receivable in the regions of Taiwan and Mainland China were as follows:

	December 31, 2025		
	Gross carrying amount	Weighted average loss rate (%)	Loss allowance provision
Not yet due	\$ 195,667	0.45	875
Past due 1~30 days	43,069	1.76	758
Past due 31~60 days	30,759	2.53	779
Past due 61~90 days	7,511	25.22	1,894
Past due 91~120 days	1,992	57.73	1,150
Past due 121~180 days	1,014	80.77	819
	\$ 280,012		6,275
	December 31, 2024		
	Gross carrying amount	Weighted average loss rate (%)	Loss allowance provision
Not yet due	\$ 341,069	0.54	1,840
Past due 1~30 days	59,748	2.29	1,368
Past due 31~60 days	8,818	3.33	294
Past due 61~90 days	3,765	26.14	984
Past due 121~180 days	524	79.96	419
	\$ 413,924		4,905

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

For the years ended December 31, 2025 and 2024, in addition to the costs of inventories recognized when inventories were sold, the following loss and revenue were included in the Group's operating costs:

	2025	2024
Allowance for inventory valuation and obsolescence losses (reversal income)	\$ 129,783	(60,383)
Revenue from sale of scrap	(523,395)	(466,501)
Loss on inventory write-off	78,456	466,097
Testing cost	1,934	15,306
Idle cost	262,687	264,675
Unallocated manufacturing expense	738,217	768,097
	\$ 687,682	987,291

Since the factors that had previously resulted in the net realizable value of inventory to be lower than the cost no longer exist, the Company recognized the reversal gains on inventory and allowance for doubtful accounts in 2023.

As of December 31, 2025 and 2024, the Group did not pledge its inventory as collateral.

(h) Property, plant and equipment

The cost, depreciation, and impairment losses of the property, plant and equipment of the Group in the years ended December 31, 2025 and 2024, were as follows:

		<u>Land</u>	<u>Land improvement</u>	<u>Buildings</u>	<u>Machinery and equipment</u>	<u>Transportation equipment</u>	<u>Office equipment</u>	<u>Leasehold improvement</u>	<u>Construction in progress and equipment undergoing acceptance testing</u>	<u>Total</u>

Note 1: The cost of \$45,897 thousand and \$389,771 thousand, respectively, were reclassified from prepayment for equipment for the years ended December 31, 2025 and 2024.

Note 2: The cost of \$12,111 thousand and \$743 thousand, respectively, were reclassified from equipment undergoing acceptance testing of property, plant and equipment to intangible assets for the years ended December 31, 2025 and 2024.

Impairment Test:

- (i) As of December 31, 2025 and 2024, the Group performed impairment test of a specific cash-generating unit due to the continuous losses generated from it.
- (ii) As of December 31, 2025, the recoverable amount of the cash-generating unit was determined based on fair value, less costs of disposal. The fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Based on the inputs used in the valuation techniques, the fair value measurement is classified within Level 3 of the fair value hierarchy.
- (iii) As of December 31, 2024, the recoverable amount of a cash-generating unit is based on its value in use. Value in use is determined by discounting the future cash flows arising from the continued use of the unit. The value in use calculation is based on the following key assumptions:
 - 1) The estimated cash flows of the unit are based on past experience, actual operating results, the remaining useful life of the equipment, and corporate strategic plans for the followings ten years, and cash flows beyond the five year period are extrapolated using a growth rate of 3%.
 - 2) The Group estimated the pre-tax discount rate based on the weighted-average cost of capital. The discount rate as of December 31, 2024 was 12.90%.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

- (iv) As of December 31, 2025, the Group estimated that the recoverable amount of the cash-generating unit was higher than the carrying amount, and therefore the Group did not recognize impairment losses. As of , the Group estimated that the recoverable amount of the cash generating unit was lower than the carrying amount and the impairment loss of \$110,338 thousand was recognized.
- (v) The Group evaluated the majority of the idle machinery for impairment and estimated the differences between the book value and the recoverable amount. The impairment loss recognized was as follows:

	2025	2024
Loss of impairment	\$ 17,073	16,388

The Group used the fair value, less selling cost, to calculate the recoverable amount as the basis to assess the impairment of the idle property, plant and equipment.

- (vi) Impairment Loss

The movements in the accumulated impairment of the Group's property, plant and equipment were as follows:

	2025	2024
Beginning balance	\$ 168,604	51,013
Additions for the period	17,073	126,726
Disposals for the period	(34,384)	-
Effect of foreign exchange	6,372	(9,135)
Ending balance	\$ 157,665	168,604

- (vii) As of December 31, 2025 and 2024, the amounts of both machinery and equipment pledged as collateral for the Company's long-term and short-term borrowings were \$2,848,745 thousand and \$1,014,578 thousand, respectively.
- (viii) Please refer to note 6(t) for the amount of interest expenses capitalized.
- (ix) Please refer to note 8 for more information on the collateral for loans.

The goodwill amounted to THB 125,176 thousand for the group arising from the acquisition of APS at January 1, 2020 is mainly attributed to utilizing the capacity of APS to diversify the product portfolio of the Group. According to IAS 36, impairment test on goodwill arising from business combination should at least be performed annually. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units, that are expected to benefit from the synergies of the combination. APS itself is a cash-generating unit that can generate independent cash inflows; therefore, goodwill is tested for impairment by comparing the recoverable amount of APS with its carrying amount to determine whether an impairment loss should be recognized.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

On December 31, 2025 and 2024, asset impairment test reports issued by an external expert engaged by the Group had been prepared based on the APS's financial forecast covering 2026 to 2030 and 2025 to 2029, respectively. The projection of operating revenue over the forecast period was made based on the geographical location and product types. Therefore, the consolidated financial statements have disclosed whether the actual operating revenue and gross profit margin achieved their forecasts for the years ended December 31, 2025 and 2024.

Due to unexpected market demand, the actual operating revenue failed to achieve the forecast operating revenue for the years ended December 31, 2025 and 2024.

Based on the value-in-use assessment, the recoverable amount of the APS cash-generating unit in 2025 was lower than its carrying amount, resulting in the Company to recognize the impairment loss of \$134,915 thousand; of which, the amounts of \$118,667 thousand and \$16,248 thousand were derived from the goodwill arising from the acquisition of APS and customer relationships, respectively.

Since the recoverable amount of the cash-generating unit of \$363,805 thousand in 2026 exceeded its carrying amount, no impairment loss was recognized.

The recoverable amount of APS had been determined based on a value in use calculation. The calculation uses pre-tax cash flow projections based on financial budgets approved by management covering a five-year period. The key assumptions used in the value in use calculation are as follows:

- (i) Projections on the cash flows are based on historical experience, actual operational results, and corporate strategic plans for the following five years.
- (ii) The before-tax discount rate is based on the Group's weighted-average cost of capital. As of October 31, 2025 and October 31, 2024, the adopted discount rate is 14.10% and 16.60%, respectively.

The discount rate was a pre-tax measure based on the rate of 10-year government bonds issued by the Thailand government in the relevant market and in the same currency as the cash flows, adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systemic risk of the specific CGU.

(k) Short-term loans

	December 31, 2025	December 31, 2024
Secured loans	\$ 1,019,615	133,952
Unsecured loans	1,653,608	1,805,002

(i) Collateral for loans

Please refer to note 8 for more information on the collateral for loans.

(ii) Loan contracts

- 1) APT, a subsidiary of the Company, entered into separate credit contracts with different banks in Thailand, namely, the Bangkok Bank, KASIKORNBANK, TTB Thanachart Bank, Land And Houses Bank, Siam Commercial Bank, and Taipei Fubon Commercial Bank, and Mega International Commercial Bank, with the covenants as follows:
 - a) The tangible equity (total equity - intangible asset) must exceed NTD 6 billion.
 - b) Interest coverage ratio [(net income before tax + interest expense + depreciation expense + amortization expense)/interest expense] must exceed 300%.
 - c) The current ratio (current asset/current liability, minus debt repayment due in one year) must exceed 100%~105%.
 - d) The debt ratio (total liabilities/tangible equity) cannot exceed 200%.
 - e) The debt to EBITDA ratio **【** bank borrowings / (profit before tax + interest expenses + depreciation expenses + amortization expenses) **】** cannot exceed the above ratio's 2 times.
 - f) The debt service coverage ratio **【** (profit before tax + interest expenses + depreciation expenses + amortization expenses) / (short term loans + interest expenses) **】** must exceed 1.00~1.50 times of the above ratio.
 - g) The Interest bearing debt to EBITA **【** total interest bearing debt/ (profit before tax + interest expenses + depreciations expenses + amortization expenses) **】** cannot exceed 350%.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The ratios offered by Taipei Fubon Commercial Bank mentioned above are calculated based on the semi-annual and the annual audited consolidated financial statements of the Group. For other banks, the ratios mentioned above shall be calculated based on the audited annual financial statements of APT.

- 2) The Company entered into separate credit contracts with different banks in Taiwan, namely, Taipei Fubon Commercial Bank, and Mega international Commercial Bank with the covenants as follows:
- a) The tangible equity (total equity - intangible asset) must exceed NTD 6 billion.
 - b) Interest coverage ratio [(net income before tax + interest expense + depreciation expense + amortization expense)/interest expense] must exceed 300%.
 - c) The current ratio (current asset/current liability, minus debt repayment due in one year) must exceed 100%.
 - d) Debt Ratio - the ratio of bank borrowings (profit before tax + interest expense + depreciation + amortization) shall only be maintained twice.

The ratios offered by Taipei Fubon Commercial Bank mentioned above are calculated based on the semi-annual and the annual audited consolidated financial statements of the Group. For other banks, the ratios mentioned above shall be calculated based on the annual audited consolidated financial statements of the Group.

- 3) According to the loan contracts, the audited financial report shall be reviewed once or twice annually to calculate and maintain specific financial ratios.

Due to the decline in market demand, the Company and APT violated the above debt covenants with some of above banks, as of December 31, 2025 and 2024.

The Company and APT violated the debt covenants of certain banks as of December 31, 2025, and 2024, wherein the amounts of \$2,031,240 thousand and \$217,500 thousand, respectively, have been reclassified from long-term loans to long-term loans, current portion. The Group obtained waivers for reviewing the debt covenants in February and March 2026, and in January and February 2025, respectively.

(m) Lease liabilities

The amounts of leased liability were as follows:

	December 31, 2025	December 31, 2024
Current	\$ 45,971	56,223
Non-current	51,660	91,717
	\$ 97,631	147,940

Please refer to note 6(u) for more information on maturity analysis.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The amounts recognized in profit or loss were as follows:

	<u>2025</u>	<u>2024</u>
Interest on lease liabilities	\$ <u>4,291</u>	<u>4,573</u>
Expenses relating to short-term leases	\$ <u>26,242</u>	<u>5,569</u>
Expenses relating to leases of low-value assets, excluding short-term leases of low-value assets	\$ <u>459</u>	<u>469</u>

The amounts recognized in the statement of cash flows for the Group were as follows:

	<u>2025</u>	<u>2024</u>
Total cash outflow from operating activities	\$ 30,992	10,611
Total cash outflow from financing activities	<u>49,252</u>	<u>54,811</u>
Total cash outflow for leases	\$ <u>80,244</u>	<u>65,422</u>

(i) Real estate leases

The Group leases buildings for its office space and warehouse. The leases of warehouse typically run for a period of 2 to 6 years, and of office for 1 to 5 years. Some leases include an option to renew the lease for an additional period of the same duration after the end of the contract term.

Some leases of buildings contain extension options exercisable by the Group, the extension options held are exercisable only by the Group and not by the lessors. In which lessee is not reasonably certain to use an optional extended lease term, payments associated with the optional period are not included within lease liabilities.

(ii) Other leases

The Group leases office equipment and transportation equipment with lease terms of 1 to 7 years. Some of these leases are considered as short-term leases or leases of low-value items. The Group has elected not to recognize right-of-use assets and lease liabilities for these leases.

(n) Employee benefits

(i) Defined benefit plans

The present value of the defined benefit obligations for the Group were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Net defined benefit liability (recognized as other non-current liabilities)	\$ <u>99,601</u>	<u>45,699</u>

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

1) Movements in present value of the defined benefit obligations

The movements in present value of the defined benefit obligations for the Group were as follows:

	<u>2025</u>	<u>2024</u>
Defined benefit obligation at January 1	\$ 45,699	60,311
Current service costs and interest	10,735	12,969
Remeasurements of the net defined benefit liability		
– Actuarial gains and losses arising from changes in demographic assumptions	35,568	(31,574)
– Actuarial gains and losses arising from changes in financial assumptions	4,898	3,126
Benefit paid	(1,839)	(2,196)
Exchange differences on translation of foreign plans	4,540	3,063
Defined benefit obligation at December 31	<u>\$ 99,601</u>	<u>45,699</u>

2) Expenses recognized in profit or loss

The expenses recognized in profit or loss for the Group were as follows:

Notes to the Consolidated Financial Statements

4) Actuarial assumptions

Assumptions used on calculating the present value of the defined benefit obligation as of December 31, 2025 and 2024 were as follow:

	December 31, 2025	December 31, 2024
Discount rate	1.68%~1.95%	2.33%~2.38%
Future salary increases (employees paid monthly)	1.00%~3.00%	1.00%~3.00%
Future salary increases (employees paid daily)	2.00%~3.00%	2.00%~3.00%

The expected allocation payment to be made by the Group to the defined benefit plans for the one-year period after the reporting date is \$2,397 thousand.

The weighted average duration of the defined benefit plan is 8.58 years to 12.70 years.

5) Sensitivity analysis for actuarial assumption

When calculating the present value of the defined benefit obligations, the Group uses judgments and estimations to determine the actuarial assumptions, including discount rates and future salary changes, as of the financial statement date. Any changes in the actuarial assumptions may significantly impact the amount of the defined benefit obligations.

As of December 31, 2025 and 2024, the effect of changes in actuarial assumption on the present value of the defined benefit obligation was as follows:

	The effect of defined benefit obligation	
	Increase 1.00%	Decrease 1.00%
At December 31, 2025		
Discount rate (changes 1.00%)	(10,582)	12,427
Future salary adjustment rate (changes 1.00%)	12,364	(10,724)
At December 31, 2024		
Discount rate (changes 1.00%)	(4,052)	4,650
Future salary adjustment rate (changes 1.00%)	4,594	(4,076)

The above sensitivity analysis is analyzed based on the effect of changes in single assumption under the condition that other assumptions remain constant. In practice, many changes in assumptions may be linked together. The method used for sensitivity analysis and calculation of net pension liability is the same.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Defined contribution plans

The Group allocates 6% of each employee's monthly wages to the labor pension personal account at the Bureau of Labor Insurance in accordance with the provisions of the Labor Pension Act. Under this defined contribution plan, the Group allocates a fixed amount to the Bureau of Labor Insurance without additional legal or constructive obligations.

The Group's pension costs under the defined contribution method were \$889 thousand and \$869 thousand for 2025 and 2024, respectively. Payment was made to the Bureau of Labor Insurance.

(iii) Long-term employee benefit plan

The balance of the Group's long-term employee benefit plan amounted to \$7,683 thousand and \$7,459 thousand as of December 31, 2025 and 2024, respectively.

(o) Income taxes

Under the tax regulations of Thailand, the maximum statutory income tax rate applicable to both APT and APS was 20% in 2025 and 2024. However, after three factories, APEX III, APEX II and APEX I, have been established by APT in Thailand, the tax exemption periods between October 16, 2021 and October 15, 2027, November 6, 2018 and November 5, 2026, and April 28, 2021 and April 27, 2027, respectively, have been granted by the Board of Investment of Thailand for specific income generated by those factories mentioned above.

On the other hand, both AET's Taiwan Branch and the Company's Taiwan Branch are subject to a maximum income tax rate of 20% in accordance with the Income Tax Act, whose basic income tax was calculated by following the Income Basic Tax Act for both branches mentioned above.

Moreover, APC and APSS are subject to a maximum income tax rates of 25% and 17% in accordance with the Corporate Income Tax Law of the People's Republic of China and Singapore, respectively.

(i) Income tax expense

Income tax expense (benefit) of the Group for 2025 and 2024 was as follows:

	<u>2025</u>	<u>2024</u>
Current tax expense		
Current period	\$ 19	320
Adjustment for prior periods	<u>181</u>	<u>369</u>
	<u>200</u>	<u>689</u>
Deferred tax benefit		
Origination and reversal of temporary differences	<u>(19,756)</u>	<u>(7,732)</u>
Income tax benefit from continuing operations	<u>\$ (19,556)</u>	<u>(7,043)</u>

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

Income tax recognized under other comprehensive income for 2025 and 2024 was as follows:

	<u>2025</u>	<u>2024</u>
Items that will not reclassified into profit and loss		
Remeasurements of defined benefit liability	\$ <u>(2,710)</u>	<u>1,768</u>

Reconciliation of income tax and loss before tax for 2025 and 2024 is as follows:

	<u>2025</u>	<u>2024</u>
Loss before income tax	\$ <u>(2,040,509)</u>	<u>(1,804,374)</u>
Income tax calculated by a statutory tax rate applied by subsidiaries	\$ (406,682)	(355,264)
Adjustment in accordance with tax law	35,488	49,570
Current-year losses for which no deferred tax asset was recognized	351,457	297,968
Under provision in prior periods	181	369
Other	-	314
Total	\$ <u>(19,556)</u>	<u>(7,043)</u>

(ii) Deferred tax assets and liabilities

1) Unrecognized deferred tax assets

Deferred tax assets have not been recognized in respect of the following items:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Tax losses	\$ <u>835,477</u>	<u>485,953</u>

The ROC Income Tax Act allows net losses, as assessed by the tax authorities, to offset taxable income over a period of ten years for local tax reporting purposes.

In addition, the Income Tax Act of Thailand allows a company's losses to offset against the taxable income over a period of five years for local tax reporting purpose.

Deferred tax assets have not been recognized in respect of these items because it is not probable that future taxable profit will be available against which the Group can utilize the benefits therefrom.

Recognized in profit or loss	(1,499)	(1,204)	1,767	(936)
Effect in exchange rate	30	1,927	682	2,639
Balance at December 31, 2024	<u>\$ 237</u>	<u>30,966</u>	<u>10,761</u>	<u>41,964</u>

(iii) Examination and approval

The Company and AET are not required to pay income tax in the country in which it is incorporated, so there is no need to file an income tax return.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

In Thailand and Singapore, where APT, APS and APSS operate, income taxes do not require approval by the tax authority. Income taxes paid in prior years have received income tax receipts up to 2024. The income tax return of AET and the Company's Taiwan Branch had been approved by the revenue department through 2023. The income tax return of APC had been approved by the revenue department through 2024.

(p) Share capital and other equity

(i) Issuance of common stock

As of December 31, 2025 and 2024, the Company's authorized capital amounted to \$4,000,000 thousand and \$3,000,000 thousand, representing 400,000 thousand and 300,000 thousand ordinary shares, with a par value of \$10 per share. The numbers of issued shares during the periods totaled 264,938 thousand shares and 219,938 thousand shares, respectively.

	Unit: Thousand shares	
	2025	2024
Balance at January 1	219,938	189,938
Issue of shares	45,000	30,000
Balance at December 31	264,938	219,938

The Company's Board of Directors resolved to increase the Company's capital by issuing new shares for cash on May 9, 2025, and the chairman approved the issuance of 45,000 thousand shares at a price of \$20 per share, with a par value of \$10 per share, totaling \$900,000 thousand on May 23, 2025, and August 18, 2025, respectively. After deducting issuance costs of \$3,621 thousand and share capital of \$450,000 thousand, the remaining \$446,379 thousand was recognized as capital surplus. All proceeds from the capital increase have been collected, and the effective date was set on September 17, 2025.

The Company's Board of Directors resolved to increase the Company's capital by issuing new shares for cash on August 9, 2024, and the chairman approved the issuance of 30,000 thousand shares at a price of \$40 per share, with a par value of \$10 per share, totaling \$1,200,000 thousand on September 25, 2024 and October 23, 2024, respectively. After deducting issuance costs of \$4,725 thousand and share capital of \$300,000 thousand, the remaining \$895,275 thousand was recognized as capital surplus. All proceeds from the capital increase have been collected, and the effective date was set on November 7, 2024.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(ii) Capital surplus

The balances of capital surplus were as follows:

	December 31, 2025	December 31, 2024
Premium on capital stock	\$ 3,719,766	3,273,387
Donation by shareholders	27,067	27,067
Difference arising from subsidiary's share price and its carrying value	(356)	(670)
	<u><u>\$ 3,746,477</u></u>	<u><u>3,299,784</u></u>

(iii) Retained earnings

According to the Company's original Articles of Association, if there are profits in the final accounts of given year, the Company shall first make up the losses for the previous years ("accumulated losses"), and then set aside a special surplus reserve ("special surplus reserve") as required by the competent securities authority under the applicable public company rules. The remaining balance, after adding the amount of undistributed earnings at the beginning of the period, shall be distributed based on the following percentages:

- 1) The remuneration of employees shall not be more than 2%.
- 2) The remuneration of directors and supervisors shall not be more than 2%.
- 3) Shareholders' dividend should not be less than 10%, and the distribution should be based on the proportion of shares held by each shareholder. Board of Director should consider the actual operating conditions, future capital expenditures or other operating related significant matters in proposing the distribution of the unappropriated retained earnings in the beginning of the year.

When employees' remuneration is distributed by issuing stocks, the employees of the Company's subsidiaries who meet certain criteria are eligible to receive a bonus. The Company is not obliged to pay any interest on an undistributed dividends or bonuses.

According to the amendment of the Company's Articles of Association, which was approved by the shareholders' meeting held on May 24, 2022, if there are profits in the final accounts of given year, the Company shall first make up the losses for the previous years ("accumulated losses"), and then set aside a special surplus reserve ("special surplus reserve") as required by the competent securities authority under the applicable public company rules. If the remaining undistributed earnings at the beginning of the period are cumulative distributable earnings, the Board of Directors shall prepare a resolution for the distribution of earnings in accordance with the dividend policy.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

The Company operates in a mature industry and is in the growth stage. In determining the amount of retained earnings and distributable earnings, the Company's dividend policy is based on the Company's future capital expenditure budget and the Company's capital requirements for future years. The amount of profit for retention and distribution, the types and percentages of dividend shall be proposed by the Board, and the Board may recommend to distribute no less than 10% of the profit of the current year as dividend, after consideration of the Company's actual earnings and capital position, and approved by the stockholders in the annual general meeting; provided that, the cash portion shall be no less than 30% of total dividends to shareholders.

(iv) Special reserve

In accordance with Financial Supervisory Commission regulation, the Company shall set aside a special reserve equal to the net balance of other deductions in shareholders' equity in the current period from net income in the current period and prior unappropriated retained earnings before earnings distribution. The special reserve set aside based on the deductions in shareholders' equity that resulted from prior periods cannot be distributed to shareholders. The Company can distribute the special reserve only up to the amount of the reversal of such deductions.

As of December 31, 2025 and 2024, the special reserve is \$1,048,969 thousand.

(v) Distribution of earnings

According to the Company's Articles of Association, when allocating the net profit for each fiscal year, the Company should first offset its losses incurred in previous years, and appropriate a special surplus reserve as required by the regulators under the applicable public company rules. After the distribution, the remainder is to be combined with unappropriated earnings at the beginning of the period to form accumulated distributable profits. The Board of Directors shall prepare a resolution for the distribution of earnings in accordance with the dividend policy. If all or parts of the distribution were made in cash, it shall be approved by a majority vote cast at a meeting of the Board with two-thirds or more of the Directors present at the Board meeting; and in addition thereto a report of such distribution shall be submitted to the annual shareholders' meeting.

There were no earnings distributed in 2024 and 2023 based on a resolution passed by the Board of Directors on February 28, 2025 and 2024, respectively.

Based on the board's decision on March 13, 2026, no 2025 earnings were distribution due to the deficit incurred by the Company during the period.

The related information about the earnings distribution that was approved by the Company's Board of Directors and the general meeting of shareholders is available on the Market Observation Post System website.

Notes to the Consolidated Financial Statements

(s) Remunerations to employees and directors

According to the Company's Articles of Association, where there are profits in a given year, after reserving the amount for covering the accumulated losses, a maximum of 2% of the profit shall be distributed as remunerations to employees and directors. Employee remuneration may be distributed in the form of shares or cash, and may be allocated to qualified employees of the Company's subsidiaries.

Due to losses incurred during the years ended December 31, 2025 and 2024, no estimated amounts of employees' remuneration and directors' remuneration were recognized.

For the years ended December 31, 2025 and 2024, no remunerations to employees and directors were accrued due to the deficits incurred by the Company in both years. There were no differences between the estimated and the actual amounts of remunerations to employees and directors during the periods.

The related information is available on the Market Observation Post System website.

(t) Non-operating income and expenses

(i) Interest income

The details of interest income of the Group were as follows:

	<u>2025</u>	<u>2024</u>

Other	(6,819)	26
	<u>\$ (63,945)</u>	<u>(85,023)</u>

(iv) Finance cost

The details of finance cost of the Group were as follows:

	<u>2025</u>	<u>2024</u>
Interest expense on loans from banks	\$ 392,026	365,057
Interest expense on lease liabilities	4,291	4,573
Amortization of discount on bonds payable	(24,521)	(43,546)
	<u>\$ 371,796</u>	<u>326,084</u>

(u) Financial instruments

(i) Credit risk

1) Risk exposure

The book value of financial assets represents the maximum risk exposure. The maximum risk exposure amounts were \$4,216,883 thousand and \$4,131,071 thousand as of December 31, 2025 and 2024, respectively.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

2) Concentration of credit risk

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, the management also considers the statistical information on the Group's customer base, including the default risk of the industry and country in which customers operate. The Group's accounts receivable are obviously concentrated on three main customers, which accounted for 29% and 39% of the total amount of notes and accounts receivable as of December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, the Group's accounts receivable concentrated on three main customers were \$937,172 thousand and \$1,320,835 thousand, respectively.

3) Credit risk of accounts receivable

Please refer to note 6(e) for information on credit risk of accounts receivable; note 6(d) for details of financial assets measured at amortized cost and note 6(f) for details of other receivables. Financial assets measured at amortized cost, other receivables and refundable deposits are considered to have low risk, and thus, the allowance for bad debts are measured by the expected losses of 12 months during the period.

(ii) Liquidity risk

The following table shows the maturity of the financial liabilities including estimated interest:

	<u>Carrying amount</u>	<u>Contractual cash flows</u>	<u>Less than 1 year</u>	<u>1-2 years</u>	<u>More than 2 years</u>
December 31, 2025

The Group does not expect the cash flows included in the maturity analysis to occur significantly earlier or at significantly different amounts.

(iii) Currency risk

1) Currency risk exposure

The Group's significant exposure to foreign currency risk was as follows:

	<u>December 31, 2025</u>			<u>December 31, 2024</u>		
	<u>Foreign currency</u>	<u>Exchange rate</u>	<u>Amount</u>	<u>Foreign currency</u>	<u>Exchange rate</u>	<u>Amount</u>
Financial assets						
Monetary items						
USD	\$ 107,943	31.35	3,384,131	97,532	32.22	3,239,936
Financial liabilities						
Monetary items						
USD	160,438	31.66	5,079,715	108,042	33.50	3,619,020

2) Sensitivity analysis

The Group's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, financial assets measured at amortized cost, accounts receivable and other receivables, loans and borrowings, and accounts payable, other payables, payable for machinery and equipment and long-term payable that are denominated in foreign currency.

A 5% strengthening of the NTD and THB against the USD as at December 31, 2025 and 2024, would have decrease and increased net loss before tax for the years ended December 31, 2025 and 2024, by \$84,779 thousand and \$18,954 thousand, respectively. The analysis assumes that all other variables remain constant, and is performed on the same basis for 2024.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

3) Exchange gains and losses on monetary items

Due to the numerous types of functional currency of the Group, the Group discloses its exchange gains and losses of monetary items aggregately. The Group's exchange gains, including realized and unrealized, were \$156,194 thousand and \$63,322 thousand, respectively, for the years ended December 31, 2025 and 2024.

(iv) Interest rate risk

Please refer to the notes on liquidity risk management and interest rate exposure of the Group's financial assets and liabilities.

The following sensitivity analysis is based on the exposure to interest rate risk for derivative and non-derivative financial instruments on the reporting date.

For variable-rate instruments, the sensitivity analysis assumes the variable-rate liabilities are outstanding for the whole year ended at the reporting date. The Group internally reported the increases / decreases in interest rates and the exposure to changes in interest rates of 0.25% to the Group's key management so as to allow key management to assess the reasonableness of the changes in interest rates.

If the interest rate had increased / decreased by 0.25%, the Group's net loss would have increased / decreased by \$24,824 thousand and \$22,953 thousand, respectively, for the years ended December 31, 2025 and 2024, with all other variable factors remaining constant. This was mainly due to the Group's interest rate of borrowing at variable rates.

(v) Other market price risk

For the years ended December 31, 2025 and 2024, the sensitivity analyses for the changes in the securities price at the reporting date were performed using the same basis for other comprehensive income before tax as illustrated below:

<u>Prices of securities at the reporting date</u>	<u>2025</u>	<u>2024</u>
5% increase	\$ <u><u>763</u></u>	<u><u>-</u></u>
5% decrease	\$ <u><u>(763)</u></u>	<u><u>-</u></u>

Notes to the Consolidated Financial Statements

(vi) Fair value information

1) Categories and fair value of financial instruments

The Group's financial assets at fair value through profit or loss are measured at fair value on a recurring basis. The carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy were as follows; however, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and lease liabilities, disclosure of fair value information is not required:

	December 31, 2025				Total
	Amount	Fair value			
	Level 1	Level 2	Level 3		
Financial assets at fair value through profit or loss					
Derivative financial assets – current	\$ 497	-	497	-	497
Financial assets at fair value through other comprehensive income	<u>15,265</u>	-	-	<u>15,265</u>	<u>15,265</u>
Financial assets measured at amortized cost					
Cash and cash equivalents	705,108	-	-	-	-
Financial assets at amortized cost	9,431	-	-	-	-
Accounts receivables	3,250,581	-	-	-	-
Other receivables	180,207	-	-	-	-
Refundable deposits	7,348	-	-	-	-
Other financial assets	<u>48,446</u>	-	-	-	-
Subtotal	<u>4,201,121</u>	-	-	-	-
Total	<u>\$ 4,216,883</u>	<u>-</u>	<u>497</u>	<u>15,265</u>	<u>15,762</u>

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

	December 31, 2024				
	Amount	Fair value			Total
		Level 1	Level 2	Level 3	
Financial liabilities at fair value through profit or loss					
Derivative financial liabilities – current	\$ 1,077	-	1,077	-	1,077
Financial liabilities measured at amortized cost					
Short-term loans	1,938,954	-	-	-	-
Long-term loans	7,242,440	-	-	-	-
Lease liabilities	147,940	-	-	-	-
Accounts payable	2,140,236	-	-	-	-
Other payables (including payables for machinery and equipment)	1,039,079	-	-	-	-
Long-term payable	6,167	-	-	-	-
Subtotal	<u>12,514,816</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 12,515,893</u>	<u>-</u>	<u>1,077</u>	<u>-</u>	<u>1,077</u>

2) Valuation techniques and assumptions used in fair value determination

a) Non-derivative financial instruments

- i) The carrying amounts of the following short-term financial instruments approximate their fair values because of their short maturities and payment request or payment amount of future cash flow will not be changed due to timing difference, and the book value is a reasonable approximation of fair value. This method applies to cash and cash equivalents, financial assets measured at amortized cost, notes and accounts receivable and payable, other receivables and payables, refundable deposits, other financial assets, short-term loans, payables for machinery and equipment.
- ii) Fair value of long-term loans, lease liabilities, and long-term payable are estimated using the present value of future cash flows discounted by the interest rates the Group may obtain for similar loans and lease payable. However, long-term loans are recognized at its book value because most of it has floating rates. Lease liabilities are calculated based on the fixed rate agreed in the lease contract or incremental borrowing rate. The present value of long-term payable is calculated based on the weighted-average cost of capital (WACC). There were no significant differences between book value and discounted present value. Thus, long-term payable is recognized at book value.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

iii) The fair values of financial instruments, except for those with active markets, are obtained using valuation techniques or by reference to quoted prices from counterparties. Fair values obtained through valuation techniques may be calculated by reference to the current fair value of other financial instruments with substantially similar terms and characteristics, discounted cash flow techniques, or other valuation techniques, including the use of models with market information available at the consolidated balance sheet date.

b) Derivative financial instruments

Forward exchange contracts were usually estimated by the current forward exchange rates of the transaction banks.

3) Quantitative information of significant unobservable inputs (Level 3) relating to fair value measurement

The Level 3 of fair value measurements mainly includes financial assets measured at fair value through other comprehensive income. However, the Level 3 fair value measurement of the Group is based solely on a single significant unobservable input.

Table of quantitative information of significant unobservable inputs is provided below:

<u>Item</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Relationship between significant unobservable inputs and fair value</u>
Financial assets measured at fair value through other comprehensive income	Net assets value method	Net asset value	The higher the net assets value, the higher the fair value

As the amount of equity investments measured at fair value using the net asset approach for the Group is not material, the sensitivity analysis of Level 3 financial instruments to reasonably possible alternative assumptions is not disclosed.

(v) Financial risk management

(i) Overview

The Group has exposures to the following risks from financial instruments:

1. Credit risk.
2. Liquidity risk.
3. Market risk.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

This note presents information about the Group's exposure to each of the above risks, the objectives, policies and processes for measuring and managing risk, and the Group's management of risk. Please see other related notes on the consolidated financial statements for quantitative information.

(ii) Risk management framework

The Group's management monitors risk exposure, risk control, and the managing process and ensures appropriate handling to balance the risk and control.

The Group minimizes the risk exposure through derivative financial instruments. The management of the finance department regulates the use of derivative and non-derivative financial instruments in accordance with the Group's policy in consideration of the risks arising from financial instruments such as credit risk, currency risk, and interest rate risk to which the Group is exposed. The Group has no transactions involving financial instruments (including derivative financial instruments) for the purpose of speculation.

The finance department reports the results of derivative financial instruments to the board of directors on a quarterly basis.

(iii) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and bank deposits.

1) Receivables and other receivables

The finance department and business department have established a credit policy under which each new customer is analyzed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes financial statement analysis, external ratings, when available, and, in some cases, bank references. Purchase limits are established for each customer and need to be approved according to the Group's authorization limit. Customers that fail to meet the Group's benchmark creditworthiness may transact with the Group only on a prepayment basis.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. The collective loss allowance is determined based on historical data of payment statistics for similar financial assets.

2) Investments

The credit risk exposure of the bank deposits and other financial instruments is measured and monitored by the Group's finance department. The Group only deals with banks, other external parties, corporate organizations, government agencies and financial institutions with good credit rating and also subsidiaries were monitored by the Group, therefore there are no significant default risk and significant credit risk.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

3) Guarantees

The Group's policy is to provide financial guarantees only to subsidiaries. For information on guarantees as of December 31, 2025 and 2024, please refer to note 13.

(iv) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages sufficient cash and cash equivalents so as to cope with its operations and mitigate the effects of fluctuations in cash flows. The Group's management supervises the banking facilities and ensures compliance with the terms of loan agreements.

Loans and borrowings from the bank form an important source of liquidity for the Group. As of December 31, 2025 and 2024, the Group's unused credit line were amounted to \$2,280,722 thousand and \$5,529,983 thousand, respectively.

(v) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates, and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Group buys and sells derivatives, and also incurs financial assets and financial liabilities, in order to manage market risks. All such transactions are carried out within the scope of the Group's internal control policy.

The Group is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency New Taiwan dollar (TWD) which is the functional currency of the Company. The functional currency of subsidiaries are the Thai Baht (THB), Ren Min Bi (CNY) and Singapore dollar (SGD). The currencies used in these transactions are the TWD, THB, CNY, SGD and USD.

Interest is denominated in the currency used in the borrowings. Generally, borrowings are denominated in currencies that match the cash flows generated by the underlying operations of the Group, primarily the THB and the USD. This provides an economic hedge without derivatives being entered into, and therefore, hedge accounting is not applied in these circumstances.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group ensures that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

(Continued)

APEX INTERNATIONAL CO., LTD. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements

(w) Capital management

The Group manages capital to safeguard the capacity to continue to operate, to continue to provide a return on shareholders, to maintain the interest of related parties, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the dividend payment to the shareholders, reduce the capital for redistribution to shareholders, issue new shares, or sell assets to settle any liabilities.

The Group and other entities in the same industry use the debt-to-equity ratio to manage capital. This ratio is debt divided by equity. Debt is derived from the total liabilities on the balance sheet. Equity includes share capital, capital surplus, retained earnings, other equity and non-controlling interests.

As at December 31, 2025, the Group's capital management strategy was consistent with the year ended at December 31, 2024. The Group has to maintain the debt-to-equity ratio at a certain level according to the criteria set by creditors. The Group's debt-to-equity ratio as at December 31, 2025 and 2024, was as follows:

	December 31, 2025	December 31, 2024
Net liabilities	\$ <u>13,648,402</u>	<u>12,656,804</u>
Total equity	\$ <u>5,891,548</u>	<u>6,786,112</u>
Debt-to-equity ratio	<u>231.66 %</u>	<u>186.51 %</u>

The quantitative capital management information for APT, a subsidiary of the Company, in the relevant periods are summarized below:

	Unit: thousands of THB	
	December 31, 2025	December 31, 2024
Net liabilities	\$ <u>12,628,878</u>	<u>12,059,316</u>
Total equity	\$ <u>6,663,688</u>	<u>7,968,382</u>
Debt-to-equity ratio	<u>189.52 %</u>	<u>151.34 %</u>

APT's debt-to-equity ratio has been maintained within the scope of the loan contracts.

Notes to the Consolidated Financial Statements

(x) Non-cash investing and financing activities

For the years ended December 31, 2025 and 2024, the Group's non-cash investing and financing activities were derived from the acquisition of right-of-use asset through leasing. Please refer to note 6(i) for related information.

Reconciliation of liabilities from financing activities were as follows:

	January 1, 2025	Cash flows	Non-cash changes			December 31, 2025
			Acquisition or termination of contracts	Classification	Translation effect	
Long-term loans	\$ 7,242,440	(252,091)	-	-	265,982	7,256,331
Short-term loans	1,938,954	621,765	-	-	112,504	2,673,223
Lease liabilities	147,940	(49,252)	(4,379)	-	3,322	97,631
Total liabilities from financing activities	<u>\$ 9,329,334</u>	<u>320,422</u>	<u>(4,379)</u>	<u>-</u>	<u>381,808</u>	<u>10,027,185</u>

	January 1, 2024	Cash flows	Non-cash changes			December 31, 2024
			Acquisition or termination of contracts	Classification	Translation effect	
Long-term loans	\$ 5,931,525	822,812	-	100,000	388,103	7,242,440
Short-term loans	2,284,359	(367,671)	-	(100,000)	122,266	1,938,954
Lease liabilities	139,423	(54,811)	54,676	-	8,652	147,940
Total liabilities from financing activities	<u>\$ 8,355,307</u>	<u>400,330</u>	<u>54,676</u>	<u>-</u>	<u>519,021</u>	<u>9,329,334</u>

(7) Related-party transactions

(a) Parent Company and ultimate controlling party

Apex International Co., Ltd. is the ultimate controlling party of the Group.

(b) Names and relationship with related parties

The followings are entities that have had transactions with related party during the periods covered in the consolidated financial statements.

Name of related party	Relationship with the Group
Wang Shu Mu	Chairman of the Company

(13) Other disclosures:

(a) Information on significant transactions:

The following were the information on significant transactions required by the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" for the Group for the year ended December 31, 2025:

(i) Loans to other parties:

Number	Name of lender	Name of borrower	Account name	Related party	Highest balance of financing to other parties during the period	Ending balance	Actual usage amount during the period	Range of interest rates during the period	Purposes of fund financing for the borrower (Note 1)	Transaction amount for business between two parties	Reasons for short-term financing	Allowance for bad debt	Collateral		Individual funding loan limits	Maximum limit of fund financing
													Item	Value		
0	The Company	APT	Other receivable — related parties	Yes	471,570	471,570	-	0	2	-	Operating turnover	-		-	587,093 (Note 2)	1,174,187 (Note 2)

Note 1: Financing purposes

1 For entities the Company has business relationship with.

2 For entities with short-term financing needs.

Note 2: The Company's aggregate and maximum amount of financing to any entity shall not exceed 20% and 10%, respectively, of its net worth.

(ii) Guarantees and endorsements for other parties:

No.	Name of guarantor	Counter-party of guarantee and endorsement		Limitation on amount of guarantees and endorsements for a specific enterprise	Highest balance for guarantees and endorsements during the period	Balance of guarantees and endorsements as of reporting date	Actual usage amount during the period	Property pledged for guarantees and endorsements (Amount)	Ratio of accumulated amounts of guarantees and endorsements to net worth of the latest financial statements	Maximum amount for guarantees and endorsements	Parent company endorsements/ guarantees to third parties on behalf of subsidiary	Subsidiary endorsements/ guarantees to third parties on behalf of parent company	Endorsements/ guarantees to third parties on behalf of companies in Mainland China
		Name	Relationship with the Company (note 1)										
0	The Company	APT	2	17,612,802 (Note 2)	16,907,490	15,333,461	10,098,389	-	261.18 %	17,612,802 (Note 3)	Y	N	N
1	APT	APS	4	587,093 (Note 4)	708,367	683,425 (Note 5)	323,820	-	11.64 %	587,093 (Note 4)	N	N	N

Note 1: Relationships with Guarantors and Obligees

1. Companies with business relations.

2. Companies in which more than 50% of shares with voting rights are directly or indirectly owned by the Company.

3. Companies directly or in directly owning more than 50% of shares with voting rights of the Company.

4. Companies in which 90% of shares with voting rights are directly or indirectly owned the Company.

5. Companies under reciprocal inter-insurance for constructional contractual purpose.

6. Companies guaranteed by all contributed shareholders due to co-investing relationships.

7. Companies established to practice escrow and joint, as well as several guarantees for presale homes under the Consumer Protection Act.

Note 2: If it was approved by Board of Directors, the guarantee limit for the guarantee provided to a specific enterprise shall not be applied when the Company directly or indirectly owns more than 90% of the investee's equity. However, the guarantee amount is still limited to 300% of the net worth of the Company's latest financial statements.

Note 3: The overall guarantee amount provided to others shall not exceed 300% of the net worth of the Company's latest financial statements.

Note 4: The total amount of the guarantee provided by APT shall not exceed 50% of its net worth. The amount of the guarantee permitted to any single entity shall not exceed 10% of APT's net worth and 30% of APS's net worth, subject to the limitation of APS's net worth, provided that the total guaranteed amount shall not exceed APS's net worth. However, upon approval by the Board of Directors, if the guaranteed entity is a subsidiary in which APT directly or indirectly holds at least 90% of the voting shares, the guaranteed amount shall not be subject to the aforementioned limitations regarding the net worth of APS or the single entity limit. Nevertheless, the total guaranteed amount shall still be limited to 50% of APT's net worth based on its most recent financial statements. For intercompany guarantees between entities in which the company does not hold 100% of the voting shares directly or indirectly, the total amount of the guarantee shall be limited to 10% of the company's net worth.

Note 5: Due to a decrease in the Company's net worth, the endorsement and guarantee amounts between its subsidiaries, APT and APS, have exceeded the approved limits. The Company has formulated a remediation plan, which includes continuous improvement of its operational performance and profitability, capital raising, reduction of endorsement limits, and enhancement of its financial structure. These measures are intended to gradually restore its net worth and resolve the excess endorsement and guarantee situation as soon as possible.

(14) Segment information:

(a) General information

The Group has a reportable segment, Thailand, which manufactures and sells PCBs. The Group's reportable segment is a regional business unit. Because each regional business unit requires different technology and marketing strategies, they need to be managed separately. The Group did not allocate income tax expense to reportable segments. Each reportable segment's profit or loss included depreciation expenses, amortization expenses, and all other material non-cash items. The amount reported should be consistent with the report used by the chief operating decision maker. The accounting policies of the operating segments are the same as described in Note (4) significant accounting policies. The Group's operating segments' profits and losses are measured based on the income before income tax, and used as the basis for assessing the segments' performance. Reconciliation and elimination are mainly about elimination between operating segments.

"Others" operating segments of the Group include one company engaging in sales of materials for PCBs and one holding company, both of which have not exceeded the quantitative thresholds to disclose for the years ended December 31, 2025 and 2024.

	December 31, 2025			
	Thailand	Others	Adjustments and eliminations	Consolidated
